Between 3/15 - 5/1

The Consulate General will endeavor to submit the revised Summary of Current Economic Information for Nigeria as much prior to the due date of May 1, 1950 as possible. It should be pointed out, however, that there are ten other required reports to be prepared and submitted by the date mentioned. The shortage of typists at this post which has been the subject of separate communications continues to complicate and delay the submission of both required and voluntary reports but every effort will be made to comply with the Department's instructions.
